

Internet access that fits your budget.

Accelerate your business

Speed and reliability. You need an Internet connection that you can depend on 24x7, without breaking your budget.

AT&T Internet Access takes you where you need to go with high-speed, cost-effective Internet access for all your business communication needs. Move large files, stream multimedia and make web-enabled presentations.

Connectivity simplified

AT&T is a leading Tier-1 Internet service provider with a high performing IP network. AT&T Internet Access delivers always-on access at a fraction of the cost of T1-based services. Connecting is simple. PCs and devices access

the IP backbone using a Wi-Fi modem or router connected to a broadband network, and can achieve up to 1 Gbps speeds.

Protection and reliability

AT&T Internet Access makes staying in touch with colleagues, staff, partners and customers fast and easy. You also gain robust virtual private network connectivity to protect your data, backed by the AT&T 24x7 customer care promise.

Potential benefits

- Boost productivity with high speed “always on” connectivity
- Quickly upload, download and share large data files
- Easily back up to the cloud from one or more data locations
